ADRF Training & Certification

Your business is our success. We offer free online training and certification programs for our partners and clients.

ADRF's training programs include on-line training videos and certification exams to ensure that everyone installing and maintaining ADRF products has the knowledge base and expertise to properly service our systems. Register for a MyADRF account and follow instructions below to start your online program today.

Step 1

Log in to MyADRF portal. If you don't have an account, register for an account on www.adrftech.com/adrf-login/

Step 2

ADRF will check for NDA status and grant access. (If your company does not have an NDA with ADRF, we will ask you to fill out an NDA.)

Step 3

Click on TRAINING & CERTIFICATION to view list of available training programs.

Step 4

Select the training you wish to complete, watch the training video and take the online exam.

Step 5

Once you pass the exam, you can download the certification. You will also receive a copy of the certification via email.

List of Available Training Programs:

- ADX V Certification Exam (available only for approved clients and partners)
- AXM-ICS-X Certification Exam (available only for approved clients and partners)
